

### Unit 3 – Proposal

1. Do you have particular research questions or set of questions? (E.g., What is the effect of interior lighting on mood?)
2. What secondary sources are you using? (please try to do a full citation and try to have a mix of relevant sources.)
3. If doing primary research, do you have a particular dataset or set of participants? (E.g., workers in different academic buildings)
4. Do you have a particular set of methods? (E.g., interviewing workers)
5. Why do you care about this topic?

Look at the course calendar and your life calendar and make a timeline/plan.
